

Ekahau Connect™

The All-In-One Product Suite for Better Wi-Fi

Ekahau Connect is a suite of Wi-Fi tools that enable you and your team to design, optimize and troubleshoot any Wi-Fi network faster and easier than ever before.

- ✔ Design reliable, high capacity Wi-Fi networks
- ✔ Validate a new Wi-Fi deployment or optimize an existing Wi-Fi network
- ✔ Analyze and troubleshoot Wi-Fi issues in real-time

Ekahau Pro™

Industry standard tool for designing, analyzing, optimizing and troubleshooting Wi-Fi Networks

- ✔ Professional grade features combined with unprecedented ease of use
- ✔ Supports all Wi-Fi access points, thousands of antennas and every Wi-Fi standard including 802.11ax (Wi-Fi 6)
- ✔ New, ultra-fast user interface works on macOS and Windows

Ekahau Sidekick™

Precise Wi-Fi diagnostics and measurement device for all professionals

- ✔ All-in-one expert device with two Wi-Fi radios and a spectrum analyzer for professional Wi-Fi site surveys and troubleshooting
- ✔ Plug-and-play operation on iPad, macOS and Windows.
- ✔ Market leading precision for 2.4 & 5 GHz Wi-Fi spectrum with automated interference source identification
- ✔ Seven factory tested antennas are placed in the optimum orientation to deliver precise and consistent measurement accuracy
- ✔ All-day battery life removes the need for interrupting work to recharge devices at larger sites
- ✔ Supports all Wi-Fi standards, including the new 802.11ax (Wi-Fi 6)

The Must-Have Tools for your Wi-Fi Toolkit

Ekahau Survey™ for iPhone & iPad

First professional Wi-Fi site survey tool for iPhone & iPad

- ✔ Get productive faster with a powerful yet simple to learn user interface
- ✔ Deliver instant post-survey analysis with easy-to-read, crystal-clear heatmaps
- ✔ Autopilot Survey automatically tracks your location during a site survey - enabling full freedom of movement
- ✔ Locate detected access points automatically

Ekahau Capture™

Easy to use packet capture tool

- ✔ Makes it easy for anyone to quickly capture Wi-Fi packets with Ekahau Sidekick hardware in order to detect complex problems
- ✔ Introduces a simultaneous dual-channel packet capture to diagnose difficult problems, such as roaming between APs

Ekahau Cloud™

Choose a collaboration method that works best for you

- ✔ Enables simultaneous collaboration across team members in the field and between the field and experts in the back office
- ✔ Local storage and simultaneous multi-person surveys are available with or without Ekahau Cloud
- ✔ Keeps your project files backed up and synced across devices and prevents costly rework in case your device gets lost or damaged
